1. Between 8 a.m. and 2 p.m. on 12 June 1953, 32 MiG-15s and 18 Pe-2s were observed at Deutsch Wagram (P 49/S 50) airfield. No air activity or other activity was observed at the field. There was a 10/10 overcast rain, a westerly wind of about 15 km/h and poor visibility. Tank truck _____ with all drivers wearing black-bordered blue epaulets, entered and left the field. The AA gun emplacement was not occupied. 25X1
2. The following observations were made at Deutsch Wagram military post:
 - Aircraft repair shop. It was guarded by sentries wearing black-bordered blue epaulets. No activity however, was observed at the installation. Van-like truck _____ and five gray crates, each about 2.75 x 1.5 x 1.5 meters, were observed.
 - Motor pool. Sentries wearing black-bordered blue epaulets were posted there. Two van-like trucks, 6 tank trucks, and 18 trucks were parked in the garages. There was traffic by motor vehicles _____ and tank truck _____ all drivers wearing black-bordered blue epaulets.
 - Building No 3 Bahnhof Strasse. The noise of engines and repair work was heard.
 - Building No 19 Bahnhof Strasse. A van-like truck, 2 trucks and 2 jeeps were parked in the yard. Jeep _____ with driver wearing black-bordered blue epaulets was observed leaving this area.
 - Building No 6/8 Rockfloss Gasse. Women wearing black-bordered blue epaulets and officers with blue service color were seen. A sedan _____ with the driver wearing black-bordered blue epaulets was parked in front of the building.
 - Building near the school. There was intensive traffic by personnel including PM, some of whom carried books. Source inferred that a repair-shop detachment was stationed there as soldiers wearing coveralls were seen. Two radio trucks with rod antennas and an antenna system with a bundle of wires at the masthead were parked in the garden. The roads which extended on both sides of the house to the east were dead end roads and were blocked to public traffic. Sentries wearing black-bordered blue epaulets were posted in front of the house.
3. _____ Strasshof military post that the building, probably used as quarters and referred to as the large headquarters, was guarded by sentries wearing black-bordered blue epaulets. Individual EM wearing black-bordered blue epaulets were observed entering and leaving the building. The so-called small headquarters, located south of the large headquarters, was frequented by women and EM wearing black-bordered blue epaulets. Two trucks _____ were parked in the yard. A total of 18 motor vehicles were parked in the dump on the edge of the woods. There was traffic by personnel wearing black-bordered blue epaulets. No weapons or equipment were observed stored there.

1.  Comment. Deutsch Wagram airfield is still occupied by a Soviet fighter regiment. So far, there were no indications which would tend to contradict the previous assumption that a Soviet bomber regiment is stationed at Deutsch Wagram airfield.

2.  Comment. The antenna system with a bundle of wires at the masthead is probably a regular short wave transmitter. The antenna is broom-shaped, most likely in order to increase the operational efficiency of the transmission.
